(TIP) is a national non-profit organization founded in 1985 that provides citizen volunteers in support of emergency personnel to support those who are emotionally traumatized during an event. TIP is funded as a public-private partnership amongst its member agencies. Each member city pays 12 cents per capita.

The City participates with TIP on an annual basis. The 2002/2003 Agreement is \$750 for the year (12 cents per capita). This fee does not represent an increase over the prior year.

AYES:	COUNCILMEMBERS:	Patterson, McGowan, Freschi, Bell, MacAloney
NOES:	COUNCILMEMBERS:	None
ABSENT:	COUNCILMEMBERS:	None

City Manager Rodericks reported that in FY2000-01, the City received \$100,000 in Supplemental Law Enforcement Services Funds. These funds must be spent by June 30, 2002 on an expansion of law enforcement services beyond the City's current deployment.

City Manager Rodericks stated that at the April City Council Meeting, Council approved an agreement with the Orange County Sheriff's Department for the sharing of one deputy designated as a motorcycle officer, to be shared half-and-half between the City of Villa Park and the City of Stanton. The City Council authorized the expenditure of \$16,200 toward the purchase of a motorcycle and officer training.

City Manager Rodericks further stated that the City of Stanton has not yet committed their portion of the funds. In an effort to ensure that the City of Villa Park does not lose its portion of the Supplemental Law Enforcement Grant, Staff recommends that the City Council authorize the expenditure of an additional \$23,000 to fully commit to the project.

It was moved by Councilmember Freschi, seconded by Mayor Pro Tem Bob Bell, and carried by the following roll call vote to authorize the expenditure of an additional \$23,000 in Supplemental Law Enforcement Services Funds toward the purchase of a motorcycle and officer training:

Consideration of Resolution No. 2002-2597 Preliminarily Approving and Adopting Report for Sewer Pump Station Maintenance for Fiscal Year 2002-03 and Appointing Time, Date and Place for Hearing Thereon – Tracts 10523 and 13204 (Sycamore Circle).

City Engineer Repke reported that public improvements for Tract 10523, including the sewer pump station, were accepted for public usage and maintenance by the City of Villa Park in 1983. The public improvements for Tract 13204 were accepted for public usage and maintenance by the City of Villa Park in 1990.

Since that time, funds have been collected for annual operation expenses including contract maintenance services, energy charges and administrative services. In addition, funds are collected for a capital outlay account to cover the costs of major maintenance items and replacement of the station components as they reach their useful life. Prior assessments have ranged from \$210 to \$380 per lot.

Over the past five years, major improvements and repairs have caused a depletion of the Capital Outlay Account resulting in a negative balance of \$2,573 in the total fund at the end of FY2001-02. Due to the age of the station, it can be expected that additional continued repairs and improvements could be needed within the next two to five years at an approximate cost of \$28,000 to \$38,000.

City Engineer Repke recommends that an engineering and maintenance evaluation of all saystem components be made and a life-cycle cost analysis made as well as a five-year vcapital improvement program developed to upgrade the station and provide life extension as well as confirm it meets current codes.

It was moved by Councilmember Freschi, seconded by Councilmember McGowan, and carried by the following roll call vote to adopt Resolution No. 2002-2597 Preliminarily Approving and Adopting Report for Sewer Pump Station Maintenance for Fiscal Year 2002-03 and Appointing Time, Date and Place for Hearing Thereon:

ORDINANCES:

Second Reading and Adoption of Ordinance No. 2002-481 Amending Provisions of Section 9.2-16 of Chapter IX of the Villa Park Municipal Code Relating to Roof Construction and Covering.

City Manager Rodericks stated that the Ordinance enacts a building code standard to require re-roof of the entire structure to Class "A" if more than 40% of the entire roof area is re-roofed during any one-year period.

It was moved by Mayor Pro Tem Bob Bell, seconded by Councilmember Patterson, and carried by the following roll call vote to approve second reading and adopt Ordinance No. 2002-481 Amending Provisions of Section 9.2-16 of Chapter IX of the Villa Park Municipal Code Relating to Roof Construction and Covering:

First reading of the ordinance was approved at the April 25, 2002 City Council Meeting.

It was moved by Mayor Pro Tem Bob Bell, seconded by Councilmember McGowan, and carried by the following roll call vote to approve second reading and adopt Ordinance No. 2002-482 Amending Provisions of Article 23 of Chapter XXIII of the Villa Park Municipal Code Relating to Property Development Standards:

First Reading of Ordinance No. 2002-483 Amending Section 19-3.1 of Chapter XIX of the Villa Park Municipal Code Relating to Limited Parking Standards on Lincoln Circle Between Center Drive and Wulff Drive.

City Manager Rodericks stated that in response to concerns from neighboring residents about a potential safety concern along Lincoln Circle, the City conducted an engineering review of traffic circulation on Lincoln Circle near Villa Park Elementary School. Since the area is improved without sidewalks or bike lanes, pedestrian traffic to and from Villa Park Elementary School must walk in the street. With parked vehicles on the street, pedestrians proceed around the vehicle toward the street side. At times, this presents a narrow passage for pedestrians and traveling vehicles by restricting the visibility for traveling vehicles as pedestrians encroach out from behind parked vehicles.

Based on the observations and resultant conclusions, the Traffic Engineer recommends that the City restrict on-street parking on both sides of Lincoln Circle from Center Drive to Wulff Drive during the hours of 7:30 – 9:00 a.m. and 1:30 – 3:00 p.m. on school days.

That the City Council approve First Reading of Ordinance No. 2002-483 Amending Section 19-3.1 of Chapter XIX of the Villa Park Municipal Code Relating to Limited Parking Standards:
