To: Mayor and City Councilmembers
From: George J. Rodericks, City Manager
Originated by: Kathy Adrian, City Clerk

SUBJECT: Consideration of Conditional Use Permit No. 0504 for a Second Dwelling Unit – Location: 10476 Fredrick Drive; Applicant: Peter and Susan Schaefer.

BACKGROUND

The applicants are requesting a Conditional Use Permit to construct a second dwelling unit at the rear of their property at 10476 Fredrick Drive.

AUTHORITY

Because of their unusual characteristics, conditional uses require special consideration so that they may be located properly with respect to the objectives of the zoning regulations and with respect to their effects on surrounding properties. In order to achieve these purposes, the City Council is empowered to grant and to deny applications for use permits for such conditional uses in such zones as are prescribed in the zone regulations and to impose reasonable conditions upon the granting of conditional use permits.

The Villa Park Municipal Code requires a Conditional Use Permit for any accessory building or structure that is usual and customary or incidental to a principal use permitted in residential zones.

The public hearing process allows for a review of the exterior elevations of a proposed addition in order to assess its impact on adjacent properties.

FINDINGS

The subject property is in the R-1 zoning district. It is a triangular-shaped lot with a front property line of 106.44 feet, a rear property line of 198.48 feet, and an average depth of approximately 126.21 feet. Surrounding uses are residential. The lot area is 12,917 square feet.

The property is presently improved with a 2,850 s.f. one-story, single-family residence which includes an attached garage.

The proposed 1,200 s.f. structure would contain the maximum square footage allowed for a second dwelling unit, and would comply with the lot coverage, gross floor area and building setback and height requirements.

Staff has visited the site for purposes of viewing the property as it relates to this request.

CEQA Compliance: This project is exempt from requirements of CEQA by Sections 15303 Class 3: New Construction of Small Structures.

FISCAL IMPACT

None.

STAFF RECOMMENDATION

Staff recommends approval of this application.
