

**PUBLIC HEARINGS**

**CITY COUNCIL  
JANUARY 27, 2004**

To: Mayor and City Council

From: George J. Rodericks, City Manager **GR**

**SUBJECT: Consideration of Conditional Use Permit No. 0563; Detached Patio Cover – Location: 10851 Laconia Drive (Rod & Carol Abbott)**

**BACKGROUND**

The applicant is requesting permission to construct a detached patio cover of approximately 330 square feet.

**AUTHORITY**

**Conditional Use Permits**

In order to give the City's current zoning regulations the flexibility necessary to achieve the objectives of the Zoning Code, the City Council has the authority to permit conditional uses subject to the approval of a Conditional Use Permit. Because of their unusual characteristics, Conditional Use Permits require special review and consideration so that they may be located properly with respect to the objectives of the City's zoning regulations and with respect to their effects on surrounding properties. To achieve these objectives, the City Council is empowered to grant and to deny applications for conditional use permits and to impose reasonable conditions upon the granting of such permits. The City Council shall make the following findings before granting a Conditional Use Permit:

- 1) The project is in accord with the objectives of the Villa Park Zoning Code and the purpose of the Zone in which it is located.
- 2) The project is not detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity.
- 3) The project complies with all applicable provisions of the Zoning Code.

Article 23-6.6 of the Villa Park Municipal Code requires a Conditional Use Permit for all accessory structures exceeding seven (7) feet in height.

**FINDINGS**

The subject property is located at 10851 Laconia Drive and is in the R-1 zoning district. Lot areas within this district range from 8,000 to 13,500 square feet. Surrounding uses are residential.

The applicant is proposing a detached patio cover of approximately 330 square feet. The height of the structure is proposed at 11 feet 10 inches. Detached structures require a Conditional Use Permit; are limited to a height of 15 feet; and must abide by the ten (10) foot setback requirement.

The Villa Park Zoning Code provides that when calculating lot coverage, patio covers which are at least fifty (50%) percent open, not exceeding 12 feet, and open on all sides, except where they may be attached to the main structure, are excluded. Therefore, the patio cover does not constitute lot coverage.

Based on a review of the project application, the proposed project meets the objectives of the Villa Park Zoning Code and complies with lot coverage, floor area, setback, and height requirements.

### **CEQA COMPLIANCE**

This project is exempt from requirements of the California Environmental Quality Act by Section 15303 – New Construction or Conversion of Small Structures – Class 3. Class 3 includes the construction of new structures; the installation of new equipment and facilities in small structures; and the construction of a single-family residence or a second dwelling unit in a residential zone.

### **FISCAL IMPACT**

None.

### **STAFF RECOMMENDATION**

Staff recommends approval of this application.

### **APPROVAL MOTION**

Adopt Resolution No. 2004-2725, a Resolution of the City Council of the City of Villa Park approving Conditional Use Permit No. 0563, for a detached patio cover, with conditions; Location: 10851 Laconia Drive.

### **RECOMMENDED ACTION**

It is recommended that the City Council conduct a Public Hearing, review the application, and make appropriate findings thereto.

### **CONDITIONS OF APPROVAL**

1. The structure(s) shall be in accordance with approved plans on file with the City Clerk. Any significant deviation from the approved plans will require subsequent

approval by the City Council through a separate Public Hearing. All work will be suspended on the project until such approvals are obtained.

2. Building permits and approvals must be obtained prior to commencement of construction. If the approval is after-the-fact, building permits and approvals are still required.
3. Separate review and approval by the City Engineer is required for all grading, driveway approaches, street improvements, sewer connections, and work within the right-of-way or City easement prior to issuance of any building permit for the project. Additional conditions may apply.
4. If deemed necessary by the City Engineer, a street dedication and improvement bond shall be required for all work exceeding three hundred (300) square feet of floor area prior to issuance of any building permit.
5. If deemed necessary by the Building Inspector or City Engineer, a cash bond in the amount of \$575 shall be posted to protect the City from any damages to any public improvements impacted directly or indirectly by the proposed improvements.
6. Temporary toilet facilities are not permitted in the front setback areas.
7. This Conditional Use Permit shall lapse and become void one year following the date of approval unless prior to the expiration of one year, a building permit is issued and construction is commenced and diligently pursued toward completion on the site.
8. This Conditional Use Permit may be renewed for an additional period of one year, provided that prior to the expiration of one year from the date when it or the renewal of same became effective, an application for renewal is filed.
9. Construction activities must comply with all applicable NPDES Best Management Practices (BMP's), as determined by the City Building Inspector and City Engineer, to include, but not limited to: Erosion Control Measures, Perimeter Protection, Sediment Capturing, Waste Management, and Materials Management.
