CITY OF VILLA PARK

W. RICHARD ULMER
MEMBER OF CITY COUNCIL

I attended Friends' Central School in Philadelphia, PA, through the 12th grade earning a scholarship to Brown University. After receiving a BA in Economics, I completed the Harvard Business School AMP (abbreviated MBA) Program.

Professionally, I spent 27 years in the health care industry, training as a Marketing research analyst at Merck & Co., then joining Allergan in Southern California. During Allergan's 25 years, I rose to President of their pharmaceutical businesses having demonstrated abilities to listen well to others, to develop creative solutions to problems, and to inspire fresh thinking from teams of fellow employees. Currently, I am CEO and President of an Irvine non-animal testing methods company.

I have had close friends in Villa Park for approximately 35 years, lived here nearly 20, and served one term on Council. My voting record, words, and deeds support the following: beautification – both homes and town center; balanced budget while exploring revenue enhancement opportunities; separation of government and religion; small town community activities/spirit and feedback for our Community Service Foundation; fairness and facts before decisions; persistence in local government being heard and respected in Sacramento.

Your vote will be appreciated.

Sincerely,

Rich Ulmer
283-0763

INSTRUCTIONS: (Elections Code § 13307)

1. Signed and dated statement must be filed in the Registrar of Voters office at the time final nomination documents are filed. A copy will be given to the candidate.
