

ROBERT “ROBBIE” PITTS

AGE: 60

OCCUPATION: Businessman

In order to advance our community in an uncertain geo-political environment and economy, I will utilize my innovative business background to find ways to support and enhance our community safety, education, and infrastructure ensuring we continue to live in a community that emulates the high standards and values for which Villa Park is known.

How? The same way I have been successful in business – Listening to my clients, working with my peers, researching alternatives and arriving at an equitable and informed decision. I humbly ask you for your vote and continued support.
