

VINCENT J. ROSSINI

AGE:

OCCUPATION: Law Enforcement Officer

I have enjoyed successful careers in the public and private sectors. Currently, I Chair the Law Enforcement Advisory Committee, a group of resident law enforcement professionals, that have led efforts in reducing Villa Park's crime rate 6% while the rate in the City of Orange increased 29%.

As a law enforcement officer I have dedicated my career to protecting citizens of California. I will bring this same level of dedication to leading our City.

Before becoming an officer, I helped build a successful and profitable aviation business. I interned in the office of Los Angeles City Mayor Richard Riordan. I was also a Council Aide for Los Angeles City Councilman John Ferraro.

A product of public schools, I was awarded an appointment to the United States Air Force Academy and a Dean's Scholarship to USC. I went on to obtain a Masters of Public Administration from USC.

Villa Park is a special place with a neighborly family environment. I will deliver leadership and improved effectiveness, all within our limited budget. As your Councilman, my priorities will be maintaining our low crime rate, enhancing our community and improving property values, and fiscal responsibility.
